Casement

When you're looking for quality, energy-efficient windows, look no further than Seymour Windows. Seymour windows are virtually maintenance-free, manufactured of 100% solid vinyl. They won't rot, warp, blister or peel, they never need painting, and are designed for easy cleaning.

Each Seymour window is custom-built to meet your specific requirements, and our strict attention to detail ensures that you get a beautiful window that is guaranteed to maintain its shape and colour under the most severe conditions.

Seymour Windows... A beautiful, practical addition to your home.
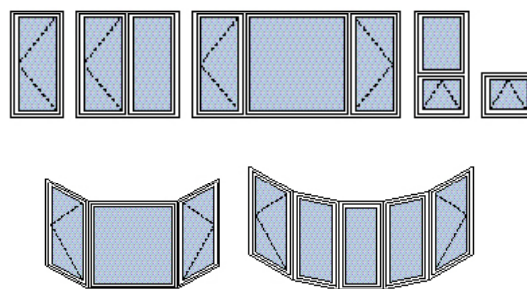

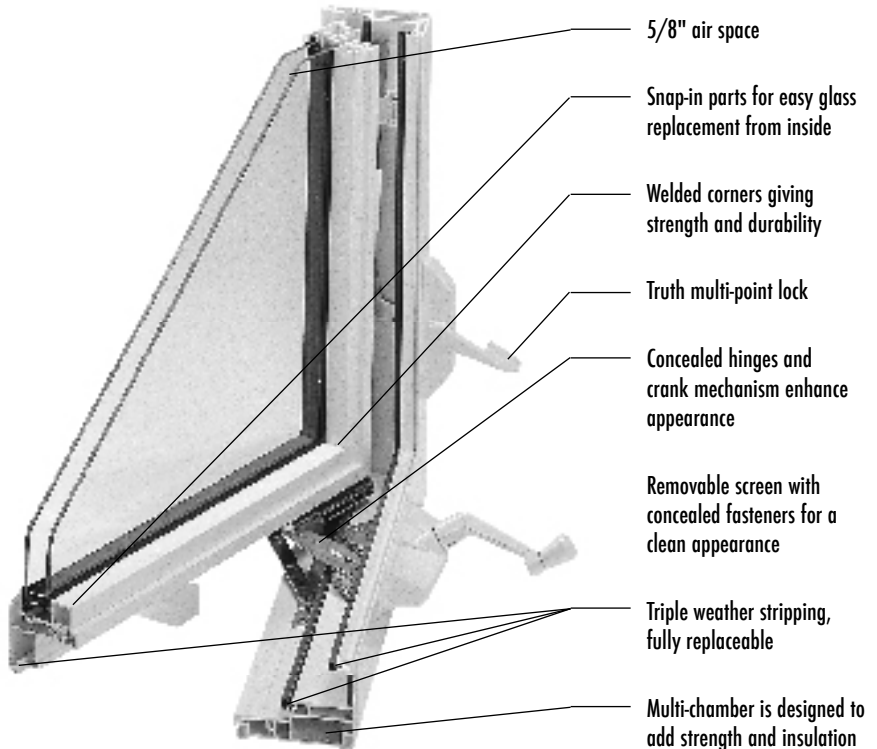

Energy Efficiency

- Double glazed, sealed unit with 5/8" air space for insulation
- "Low E" glass or "Low E" argon gas-filled for better insulation (optional)
